About us

BAY CONTRACTING LIMITED is an indigenous organization that is duly registered in Nigeria with RC number: 1731016

The main scope of our operation is Architecture, Engineering and Construction; however, we are also involved in Automobile dealership, real estate development, procurement and general contracting.

We love to satisfy our clients and we aim to leave lasting legacies of being an indigenous engineering and construction firm that delivers cost-effective, tailored housing and infrastructural projects. We achieve these through innovation and adoption of cutting-edge technology to deliver quality services at cost-effective and timely manner.

At BAY CONTRACTING LIMITED, we passionately design and develop residential, commercial and infrastructural projects to specifications while continuously improving on our existing methods so as to constantly deliver to international best practices.

Our reputation is built on a track record of being trustworthy and able to deliver services comparable in standard with a long-term consideration of functionality and durability.

HEALTH, SAFETY & ENVIRONMENT POLICY

BAY CONTRACTING LIMITED (BCL) recognizes and accepts its health and safety duties for providing a safe and healthy working environment for all its workers and other visitors to its premises under the ILO-OSH 2001, other relevant legislation and common law duties of care.

It is the policy of BCL to promote the health and safety of everyone on our premises by:

- Providing adequate working conditions with proper facilities to safeguard the health and safety of personnel and to ensure that any work which is undertaken produces no risk to health or safety;
- Encouraging persons on our premises to cooperate with us in all safety matter, in the identification of hazards which may exist and in the reporting of any condition which may appear dangerous;
- Maintaining safe arrangements for the use, handling, storage and transport of articles and substances;
- Providing sufficient information, instruction, training and supervision to enable everyone to avoid hazards and contribute to their own safety and health;
- Making as reasonably practicable, safe arrangements for protection against any risk to health and safety of the general public or other persons that may arise from our activities;
- Making suitable and sufficient assessment of the risks to the health and safety of employees and non-employees arising out of or in connection with our activities;
- This policy statement and/or procedures are to be reviewed at the end of every year by the Health and Safety committee and a report on the review with any other proposals for amendment is to be made available to the next following meeting of the Management Committee.
